Where you'll need to go

Reception & parking

Centrally located in the midlands, we support our customers from seven manufacturing buildings all located on one site. When you arrive please follow the road around to Gate C (second gate on the left). Once through the gate, reception and visitor parking is immediately to your left. We have an unmanned reception but please ring the intercom and someone will be on hand to welcome you. Electric car charging points are available if required. Please liaise with your host should you require this.

What you'll need to bring

For your safety

Please bring your own safety shoes.

If you will need to access the manufacturing areas during your visit, protective footwear will be required. Without this you will only be allowed into certain marked areas. Any other PPE necessary during your visit will be provided.

We look forward to welcoming you to Unifabs.
